## FALL 1981

### MODIFIED BRUNS NUMBERING SYSEYEM WINS BY 2 TO 1 MARGIN

In the Summer issue of the SCJ, two numbering systems for souvenir cards were presented to the SCCS for a vote. Proposal #1 was the chronological modified Bell system. This system received 52 votes. Proposal #2 was the modified Bruns system which received 113 votes. Hence, a total of 165 SCCS members voted out of the current membership of 472. Granted, a significant number of the non-voters had just recently joined the SCCS, too late to vote. Still, a turnout of 35% is quite good for a fledgling society.

In accordance with the wishes of the SCCS membership, the modified Bruns numbering system will become the official SCCS numbering system for souvenir cards. This consists of separate listings for the BEP, USPS, ABNC, "forerunner," and UNPA souvenir cards. The listing for the "forerunner" cards was given in the Fall issue of the SCJ. Listings for the private, security printing companies (ABNC, etc.) and the UNPA are presented in this issue. The Winter issue of the SCJ will contain listings of the BEP & USPS cards along with printing totals.

James H. Bruns (SCCS #227) published his CATALOG of UNITED STATES SOUVENIR CARDS in 1980. This catalog contains illustrations, design information, printing totals, and much more on all of the BEP, USPS, and UNPA souvenir cards. It is a must for the SC collector. They can be ordered for \$6 from either Russ Bell, POB 859, Tiburon, CA 94920 or from the Washington Press, 2 Vreeland Road, Florham Park, NJ 07932.

Mr. Bruns plans to put together the 1981-82 edition sometime this winter. The editor has been in touch with Mr. Bruns and his second edition should prove to be exhaustively complete. To be included are all the "forerunner," USPS, BEP, ABNC, & UNPA cards along with updated pricing information. Also, some attempts will be made to eliminate pricing inaccuracies in the show cancelled cards. In all, the second edition, like the first, should prove to be the souvenir card collector's bible.

The publication of the complete, "official" SCCS numbering system for souvenir cards will be accomplished with the listing of the USPS & BEP cards in the Winter issue of the SCJ. Once the 2nd edition of the Bruns US SC CATALOG comes out early next year, the SCCS will lobby the Scott's Catalog people to adopt the SCCS numbering system for their SC listings.

## THE SOUVENIR CARD COLLECTORS SOCIETY

In the next two weeks, the SCCS will reach the 500 mark, an increase of over 200 members since the summer issue of the SCJ. Last December when I first announced the formation of the SCCS, I never dreamed of having this many members in less than a year. Still, I am not satisfied. There are tens of thousands of souvenir card collectors in the United States. The SCCS has only a fraction of these collectors in its membership. That is why my goal is to have 1,000 SCCS members by the time we celebrate our first anniversary in March. Hence, I again ask all of you to take it upon yourselves to sign up at least one new member. This would result in a doubling of our membership and would thus meet my goal. Members, include xeroxes of our membership application with your correspondence. Dealers can do the same and give us publicity in their news-letters. Many of you have done this and it has helped. The problem is that we need a lot more of our members to help out and recruit new members.

The fall issue of the SCJ is finally out about a month late. Thank you for being patient. I have very little time away from the hospital and now find most of my free time taken up by the SCCS. I had to use a weeks vacation to get this journal out. My time constrictions can only be expected to get worse as we have a baby on the way, I just bought a house, and my rotations at the hospital will get more demanding. Hence, you can expect future issues of the SCJ to be late as was this one. Please don't misconstrue this as complaining, I have a lot of fun putting together the SCJ. I do, however, need more help from the SCCS membership. Articles are always needed and need to be ready for printing. The same goes with ads. Herb Meisels has helped by preparing address labels for the SCCS members-thanks Herb! This will save me lots of time addressing journals. Ed Beers, one of our most active members, has helped out by offering to do a quarterly column on privately issued souvenir cards-thank you Ed! We need someone familiar with the philatelic/numismatic press to help out with promoting the SCCS. Such a person would make up news releases from information in the SCJ to send out to help get new members. I've been filling this position but do not have the time necessary to keep up a constant media blitz. If any of you own printing shops, we could sure use quality printing for the SCJ at discount prices. In short, if you have a service or idea to offer to help out the SCCS, please let yourself be heard.

Financially, the SCCS is walking a tight rope. With the printing of this issue and a small second reprint of the first two issues, our funds are exhausted. We are counting on additional new members in the next few months to raise enough funds for the final issue of 1981. This is one area where recruiting of new members is essential. Dues will increase in 1981 due to increased printing and postage costs. Effective 3/81, dues will be \$7 for collectors and \$12 for dealers. Life memberships to the SCCS will now be offered at \$100. These funds will be set aside in special interest bearing accounts. Donations are always welcome. Starting with this issue, printing costs will be lessened by eliminating a thicker cover and extra folding and stapling. Free ads will continue to be the trademark of the SCJ. However, the cost of additional advertising will go up to \$10 for an extra 1/3 page ad and \$15 for a full page ad.

Finally, I'd like to recommend the ESSAY PROOF SOCIETY to our membership, especially those interested in "forerunners." Their publication contains much on items other than essays, etc. Dues are \$15/year, send it to D.E. McGuire, R.D. #4, Colonial Dr., Katonah, NY 10536. Also, I highly recommend PAPER AMERICANA, a monthly periodical with articles & lots of ad space for those who are interested in paper americana as well as cards. Costs \$8/year, send to P. A. POB 334, Baldwin Park, CA 91706.

## LETTERS TO THE EDITOR

Received my first two issues of the SCJ and it is just great! Also sent off the membership application to a good stamp collecting friend who started my interest in BEP cards. I personally like the separate listings of cards as the long list of numbers and intermixing of all cards is confusing. As a former librarian it rather seems to be like putting all fiction and non-fiction together and what a mess that would be. Although I personally would not favor including USPS Commemorative Panels, I do think ABNC cards should be included. There is need for a unified system and we shall learn it whatever is chosen. As to specialization, that always occurs anyway when the hobby grows. To each his own from then on. I personally think the engraving is the basic joy of the cards and although I collect some cancelled cards, those with too many stamps cancelled on them destroy the original beauty of the card. I think the SCCS will be a more cohesive group when a system is established. Volita R. Doudna #431

EDITOR'S NOTE: You are right, to each his own. It is my opinion that a card with thematic and carefully laid out stamps, show cancelled, enhances the beauty of the central engraving.

I might suggest a question and answer section for the journal, and my first two questions to get it off to a flying start: 1) What are the Doovas souvenir cards? and 2) Why did the BEP reduce the size of their cards? Ed Whelan #344

EDITOR'S NOTE: I've considered a Q & A column but have not had room for it. I've tried to answer reader's questions through this column. If you have questions and want them answered in the SCJ, drop me a line and I will put it in the LETTERS TO THE EDITOR column. The Doovas souvenir cards are various cards put out for numismatic conventions by William Doovas, SCCS #226. Most of them were BEP vignette cards(see FORERUNNER FORUM, Summer issue) that were privately overprinted by Doovas with text concerning the show and engraving. Hence, they are "official" BEP cards that were privately overprinted. I've been in touch with Mr. Doovas and hope he will provide the SCCS with an article listing his souvenir cards. The BEP reduced the size of their cards solely for economical reasons. With the smaller size, they can print six cards at a time as opposed to only four. They also feel the card looks better in smaller size and better shows off the central vignette. I've received a lot of complaints about this new BEP policy. Cancelled card collectors are especially concerned because there is now very little room for show cancellations. Hopefully the BEP won't start making their cards paper thin as we have seen with some of the more recent ABNC cards. I urge you to write the BEP if you have objections to the new card size. I know I am opposed to it. Don't expect much of a response, however. Perhaps we should put the matter to an SCCS vote and send the results to the BEP? I'd like some more feedback on this question.

I am primarily interested in the numismatic SC's and was wondering if the society might consider approaching other bank note printers(such as Thomas De La Rue, Bradbury & Wilkinson CO, Waterlow & Sons, etc.) and encourage them to issue souvenir cards. Charles R. Hosch, SCCS #367

EDITORS NOTE: The U.S. Bank Note Co. put out the first private security printer card at SIPEX 1966-a philatelic exhibition(see listing this issue). They plan another for the 10th anniversary of the Currency Club of Chester County(see ad on page nine of this issue). The British firms have all been involved in the production of philatelic souvenir cards & non-postally valid sheets for the past twenty years or so. I collect them and know of only two others who collect them as well. Rarely are they advertised and I suspect they are not too popular in England either where maxim cards are now the rage. I know of no British numismatic souvenir cards. Its a great idea having a British firm doing souvenir cards for American societies. Perhaps some of our philatelic and numismatic clubs should check into this.

I am voting for the Bruns # system because I think that subdividing the system will produce specialization among people and will increase the amount of people interested in souvenir cards. For example, I very much enjoy the ABNC cards, and would not mind centering on just them in all forms. Glenn Zimmerman, SCCS #379

Your concern about members not sending letters or articles is a problem every new society has. Many members feel that they have nothing to contribute to the paper. I would think that they approach it in this light; that the experts make up all the contributors. This view is wrong if you looked at the beautiful article by Cora Aten. One does not have to quote P.L. & R. to have an interesting article. Dennis D. Horvath, 295

THE SOUVENIR CARDS OF THE PRIVATE SECURITY PRINTING FIRMS

By Dr. Curtis D. Radford

Most everyone is familiar with the "official" souvenir cards produced by the United States government security printer; the Bureau of Engraving & Printing. Not as well known, however, are the souvenir cards produced by the private security printing firms in the United States and Canada. These firms include the American Bank Note Company (ABNC), United States Bank Note Company (USBNC), Canadian Bank Note Company (CBNC), British American Bank Note Company (BABNC), Ashton-Potter LTD (AP), & others. As with the Bureau cards, the cards of the private security printing firms can be divided into "fore-runner" and modern day souvenir cards. Since the 1850's, precursor souvenir cards have been printed by the ABNC and her predecessor companies as well as other security printing firms. Some of these "forerunner" souvenir cards include those in the souvenir convention booklets of the International Plate Printers, Die Stampers & Engravers Union of North America. These Union cards can be found listed in the last 1981 issue of the SOUVENIR CARD JOURNAL.

The modern day souvenir card of the private security printers did not have its advent until the "SIPEX Miner" card was issued in 1966. During the Sixth International Philatelic Exhibition held in Washington, D.C. in May of 1966, the USBNC distributed a souvenir card with a vignette of a gold miner. Since that time, a limited number of souvenir cards has been printed by the private security printing firms of the United States and Canada. Although the majority of these cards are numismatic in nature, they have been issued at both numismatic and philatelic exhibitions.

Souvenir cards produced by the private security printers are rather controversial as to whether they are "official" or "unofficial." Since these security printing companies have been involved in the printing of stamps and currency for a variety of governments, some feel that their souvenir cards are to be considered "official." Others, however, feel these cards should be classified as "unofficial" because they are printed under private contract for various non-governmental organizations. The controversy centers on whether it is the printer or the distributor that makes a souvenir card "official." Perhaps these cards should be considered "semi-official" as they are printed by firms involved in governmental printing but lack governmental sanction.

The following is a listing of the modern day souvenir cards produced by the private security printing firms in the United States and Canada. These cards were usually produced for various philatelic and numismatic organizations that were hosting exhibitions. Hence, almost all of these cards can be found both mint and with special show cancellations. The show cancelled cards are usually quite scarce. The U.S. and Canadian cards will be listed together as one of the Canadian cards was printed by an American printer. This listing is part of the official SOUVENIR CARD COLLECTORS SOCIETY numbering system for souvenir cards. Hence, the numbers given are the official SCCS numbers. This listing is felt to be complete up to the present. Should there be any private security printing firm cards of the U.S. or Canada missing from this list, the author would appreciate a copy of the same. The name of the printer is given in parentheses after the title of each card. All of the cards listed are steel engraved unless noted otherwise. The prefix "SO" will be used for "semi-official."

## SCCS #:

- SO 1) SIPEX Miner card (USBNC). Issued at the Sixth International Philatelic Exhibition, May 21-30 in Washington, D.C.. - 18) ANA 1981 Building Fund or "Swap Ten" card (ABNC). This card was also sold at the ANA 1981 convention in New Orleans to raise money for the new ANA headquarters. The card was "swapped" for ten dollars cash. It consists of a \$10 bank note of the Artisan Bank of Trenton, New Jersey. The note is in black intaglio with green offset. The text is in black intaglio. 5,000 were printed, 1,500 have been sold to date, and 3,500 remain on hand at the ANA.

### PRIVATE SOUVENIR CARDS

By Edward F. Beers, Jr. SCCS #42

This first column and all subsequent columns shall be devoted to the area of private souvenir cards. Let's define a private souvenir card as a card that has not been issued by any government. They have no official recognition. The U.S.P.S., the Bureau of Engraving and Printing, the U.N., Chile, Brazil, etc. have cards issued by their respective governments. Private cards are those issued by clubs, societies, commercial firms, towns and cities, civic groups, etc., and they are printed by private printing firms as selected by the sponsoring group.

We shall not deal with specific cards at this time. Rather, let us just try to describe the fun, challenge, and overall participation that a person enjoys when he collects private cards.

First of all, you better read the philatelic press with more than just a scan. Why? Because if you are desirous of acquiring private souvenir cards, you will not know about their issuance unless you have a source, and that source has to be your stamp paper or magazine. Diligence is required because news of a new card might be just a short squib on page 20, or it might be found in the middle of a rather long column devoted to a particular club or society having an upcoming meeting or exhibition. This thorough reading is going to enlarge your general philatelic knowledge.

Let's be hypothetical for a moment. You have spotted an item in the philatelic press that really intrigues you. A club in the midwest is sponsoring a card and the theme is one that is close to your heart. In fact, it will fit right in with your topical stamp collection. The charge is \$1.75 unused or \$2.25 with show cancel. You decide on the latter, place your order (keeping a copy for your own records), enclose your check, your thanks, and a return address label, if you have one. Always ask the club to please write "Do Not Bend Or Fold" on their shipping envelope. Now you sit back and wait and when your card arrives, you anxiously remove it from its envelope, and lo and behold (in most cases), it more than meets your expectations. Let me add here that in eight years of card collecting, not one of my orders has gone astray. A very few, perhaps three or four, have come through the worst for wear, but not really the fault of the U.S.P.S. The sender simply failed to properly inscribe the shipping envelope or did not properly secure it with a firm backing, as you would in mailing a first day cover, for example.

Private cards do offer a hobby at rather minimal cost. When you order every club and society card that is available to you and order one unused and perhaps two or three others, each showing a different cancel date of the show, you can then have quite an expense. My preference is to acquire the card with first day of show cancelation, but naturally, to each his own. There have been clubs and societies that have been issuing souvenir cards for a number of years, and it is my hope to concentrate on one of these organizations in an upcoming column relative to how they got their start, how the theme is decided upon, how they publicize the card, etc. May I mention here that I include a paragraph or two every time I order a card and thoroughly propagate the Souvenir Card Collectors Society! The response has been most encouraging and hopefully will prove fruitful. Here comes more of "the same old story", but it is a fact that we must exert all efforts possible to increase our membership. In numbers not only do we gain strength and knowledge, but in a mercenary view, our collections will increase in value. In all honesty, I believe that most collectors, and I include stamp, plate block, thimbles, covers, barbed wire, dolls, toy soldiers, matchbooks, or whatever, as well as souvenir card collectors, keep one eye on the enjoyment of their chosen hobby and the other on the value of same. Let's face it, it's part of the fun. Thanks for reading the writer's intital effort. It was enjoyable because I feel as though I am writing to a bunch of friends and doing it with just one article. In our next column, we shall devote our efforts to a single, privately sponsored souvenir card group and explore how they go about issuing a card. Edward F. Beers, Jr., 384 D Golfview Road North Palm Beech, FL 33408

#### THE "BUREAU" CARDS OF THE CHAUTAUQUE LAKE LOCAL POST

By Daniel F. Lincoln SCCS #23

Way back in 1972, the Chautauque Lake Local Post issued its first "Bureau" souvenir card. Since the Bureau of Engraving and Printing in Washington, D.C. was overburdened with its souvenir card program, the task of printing this card fell on the shoulders of the Bureau of Design & Perforations(BD&P). The BD&P is responsible for the printing of the stamps, covers, and cards of the Chautauque Lake Local Post. Hence, this first souvenir card was an "official Bureau" card.

This card was issued for FENTOPEX VI held in Jamestown, New York, October 27-28, 1972. The plan was to cooperate with our local philatelic society, the Reuben E. Fenton Philatelic Society, A.P.S. Chapter #705-55184 in their 6th annual stamp exhibition. Illustrated on the card was the current, 1972 local post stamp which was of 24 Raspufnick denomination. The card was distributed gratis to all members of the R. E. Fenton Philatelic Society and to other interested friends. An insert distributed with the card gives the following information concerning the Chautauque Lake Local Post:

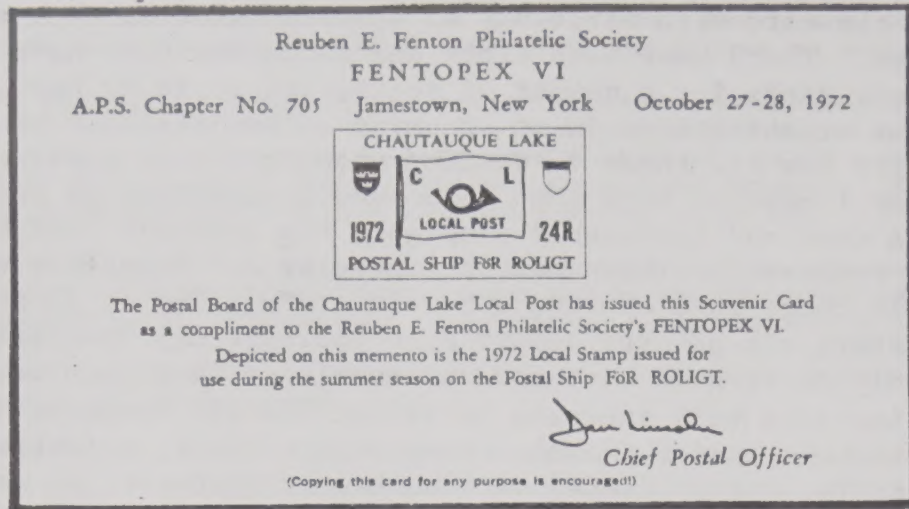

Begun in 1970 as a public service on Chautauque Lake, the Postal Ship FÖR ROLIGT picks up mail at designated docks and carries it to 9 lake-side postoffices for regular postal handling. The local stamps are affixed and cancelled for the lake service and a regular U.S. postage stamp is also applied for the postal service charge.

Announced as "operating on an indefinate and irregular schedule" the operators point out that "all that stuff about neither wind, nor rain, nor sleet" does not apply to the Chautauque Lake Local Post. It only goes out in nice weather.

"Raspufnicks" are used as the Local's "Medium of Exchange." These are ancient Chautauquanian Indian coins and the stamps are of that denomination. New stamps are issued annually and covers for First Days of Issue and other Special Events are commemorated.

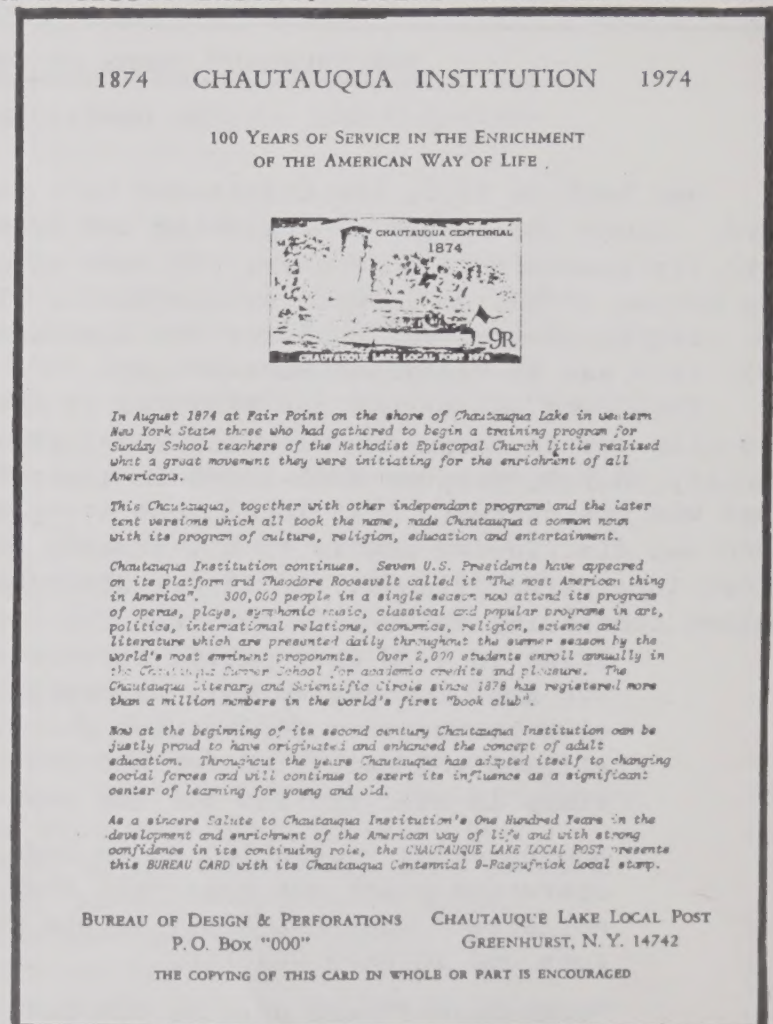

Following the practice of the U.S. Bureau of Engraving & Printing, we also protected ourselves against any suits for infringement by turning the tables on the BEP with an encouragement to copy. These cards were printed on fine card stock and after the free distribution, sold for 10¢ a piece!

Above is an illustration of the 1972 "Bureau" card issued by the Chautauque Lake Local Post in conjunction with FENTOPEX VI, October 27-28, 1972.

Our second souvenir card was also an inspiration of the BD&P. Chautauque Institution was celebrating its 100th anniversary in 1974, so we decided that we should make some kind of contribution to that observance. In the first place, as we discussed the matter with Chautauque folks, they told us we could'nt write an adequate history of Chautauque in four paragraphs of a souvenir card. We did it, and have been complimented for the production. This time, we went all out with a reproduction of our 9 Raspufnicks stamp die sunk into the card. The cards were also nicely packaged with a tissue insert. Folks from all over the world ordered them for one dollar.

Above is an illustration of the 1974 souvenir card issued by the Chautauque Lake Local Post commemorating the 100th anniversary of the Chautauque Institution.

Unfortunately, the Chautauque Lake Local Post is no longer issuing new stamps or providing routine lake mail service after 11 years of service to the world. We did feel we had to respond to the new "B" stamp by putting out a special cover that had two "B" stamps on it when the USPS came out with their copy of our "B" stamp which we had issued in 1978. Hence, we put out a "double B" cover-theirs and our's on the day they issued theirs. It turned out to be attractive to collectors. Kind of cute when you're involved in postal history. This cover is still available for \$1 plus a #10 SASE. The 1972 FENTOPEX card is also still available for the outrageous price of 10¢ plus an SASE. Lastly, our fancy "Bureau" 1974 centennial card is available for \$1 plus 35¢ postage.

Despite its hiatus in postal emissions, the Chautauque Lake Local Post is still operating. We continue to respond to a surprising number of inquiries. The Monetary Commission is still watching the fluctuation of the Raspufnick in the international money markets. The Whitewall Postal Museum will continue to maintain a fine exhibit of Raspufnicks and other local post memorabilia. The Whitewall Chamber Music & Bird Watchers' Society continues its very active social program for all members. The Whitewall Yacht Club trustees will continue to operate the organization in a highly acceptable manner. The Whitewall Marine Services unLTD will continue to make the best deals for the members who want to buy or sell anything. And, we are always grateful to the attentions of the Whitewall Meteorological Warning Center staff for their vigilance toward local weather problems (this afternoon, the wind got up to 40mph and threw waves right over our wall!). Lastly, the Sir William Hart International Trust Fund for the perpetuation of Raspufnicks is still in operation. We may even have an internationally famous exhibition of ancient Chautauquian coins ready for the public one of these days.

In the meantime, I felt the story of the Chautauque Lake Local Post "Bureau" cards should be told so they could take their place of "official" recognition along with those other "Bureau" cards produced in Washington. For those interested in ordering some of the mentioned items, write; Dan Lincoln Chautauque Lake Local Post, POB "000", Greenhurst, NY 14742.

#### ATTENTION COIN DEALERS, STAMP DEALERS, PAPER DEALERS AND COLLECTORS

After two years of research on the tickets used at the Columbian Exposition, Chicago 1893, the author Jim Doolin has developed a catalog in this interesting area of collectibles. This 8½" x 11" twenty-two page catalog with beautiful color covers lists and describes over 150 different tickets including the rare Ferris Wheel ticket. A rarity is assigned to each ticket with an approximate value. The catalog may be purchased direct from the publisher Doolco, Inc., 2016 Canton St., Dallas, TX. 75201 for \$10.00 per copy plus \$1.00 per copy postage. No COD's please. All orders are shipped the same day received.

The CURRENCY CLUB OF CHESTER COUNTY is offering a special tenth anniversary book. Inside this book will be a HIGH QUALITY steel engraved souvenir card printed by the United States Bank Note Co.. A paper-back edition plus the card will sell for \$10. A special delux hard cover book plus the enclosed card will sell for \$25. The card alone will sell for \$10 but is offered to SCCS members at a special price of \$2.50 each. The card will have vignettes of a bison, eagle, allegorical figure with die crack, and of Wm. Penn on the obverse and text on the reverse. It will be in two colors. Between 5-10,000 will be printed with 3,000 going into the books. Membership in the CCCC is \$6. # REVIEWING THE MARKET

BY HERB MEISELS

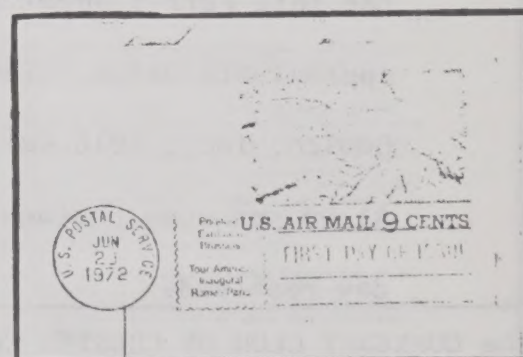

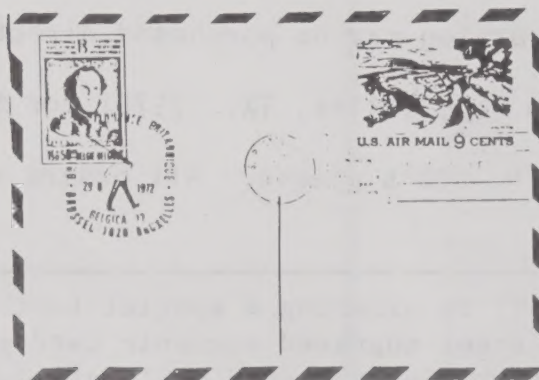

Box 143 NYC 100230143

I note an increased demand for ancillary items. Those items which are related to a USPS or BEP Souvenir Card. They run the gamut of numerous types consisting of admission tickets, matching covers, medallions issued at the same show, cards issued by foreign governments at a show where the USPS participates, and occasionally stamps postal stationery, and souvenir sheets issued concurrently with a Souvenir Card. SIPEX 1966 is an excellent example. I wonder how many collectors have the Smithsonian Souvenir Card for Sipex 66. It was given gratis if you attended the Smithsonian Sipex Lecture. Quite a few foreign countries honored ARPHILA 75. In addition, I venture to say INTERPHIL 1976 presents an excellent opportunity to form a specialized collection with about 5 dozen foreign countries participating. If one has imagination one can put together an interesting collection which transcends the White Ace Fill The Empty Spaces approach. After completion your collection utilizing that method of collecting is no different than thousands of others.

An interesting BELGICA 1972 ancillary item is written up in the paragraph that follows:

UX61,62,63 UCX12,13 were all machine cancelled in Washington, DC and flown to the US Postal Service Booth at Belgica 1972. They were also available in mint condition at the show. All the Tourism Cards were sold as souvenirs at BELGICA 72. The USPS Belgica 72 Souvenir Cards were distributed free. I inquired at the time the cards were issued and was told it was not possible to get the machine cancel which in part reads "Philatelic Exhibition Brussels" on the SOUVENIR CARD because of size of the souvenir card. Apparently the technical problem of doing so was solved in 1981 since the BEP has been able to machine feed the Memphis and New Orleans cards to obtain the special cancels it wanted. All USPS Belgica 72 cards which are cancelled show either a hand cancel from Washington, DC from the Washington City PO or a Belgium Show Cancel (The Belgians used a different pictorial for each day of the show)

The UCX 12 illustrated below is dual first day show cancelled at BELGICA 72 with both the Belgium & US Cancels. I have only seen 4 so done in the decade since the cards were issued.

SOUVENIR CARDS OF BRAZIL - Part 2

William Kriebel  
SCCS #27  
1923 Manning Street  
Philadelphia, PA 19103

The "Authorized" cards are as follows:

A-1 26 February 1940: Semana Pro-Juventude (Youth Week); 113 x 142 mm; 5,000. This card is a "mini-album" page containing one copy each of Scott B 8 - B 11 and commemoratively cancelled. No mention in Scott.

A-2 3 November 1940: Philatelic Exposition - 10th Anniversary of the Government of Getulio Vargas; 98 x 137 mm; 3,300. A sepia portrait of President Vargas in the upper left surmounts this card which is affixed with a copy of Scott #466a and cancelled with a tri-color (green-yellow-purple) circular cancel. Not listed in Scott.

A-3 1 August 1943: Centenary of the Brazil Postage Stamp; 5,000. Cancelled with one copy each of Scott # 609-611 arranged in a "Y" with a circular cancel in the center. No mention in Scott.

A-4 1 August 1943: BRAPEX II, the National Philatelic Exposition; 4,500. Similar in appearance to A-3, this card includes reproductions of the first three stamps and is affixed with a copy of Scott # 465a cancelled with an oval BRAPEX design. No mention in Scott.

A-5 14 September 1946: Pan American Philatelica; ; 5,000. A multi-color card reproducing Scott # 643 with a border illustrating the flags of the nations. Cancelled with a rectangular cancel/cachet. No Scott mention.

A-6 17 May 1947: Centenary of the Stamps of the United States; 10,000. A multi-color card depicting the statue of liberty and a reproduction of the five-cent Ben Franklin. Cancelled with a copy of Scott # 643. No mention in Scott.

A-7 10 January 1948: First Annual Juvenile Philatelic Week; 10,000. Diagram of a young philatelist looking through a magnifying glass at a copy of Scott # 677 cancelled with a "magnifying glass" commemorative cancel. No mention in Scott.

A-8 16 May 1948: 39th Convention of Rotary International; 113 x 163 mm; 5,000. This fine paper sheet bears the imprints of both Rotary International and the Clube Filatelico do Brasil above an imprinted "stamp" view of Rio. It is affixed with one copy each of Scott # C-66 and C-67 and cancelled with a circular date cancel in "Rotary" format. Several varieties exist. No mention is made in Scott.

A-9 1 August 1948: National Education (Children) Campaign; 124 x 137; 15,000. A reproduction of Scott # 682 together with a story-book like castle in green. Mentioned in Scott, this card exists in both mint and cancelled.

A-10 15 November 1948: 5th Philatelic Exposition at Pelotas; 5,000. An elaborate border surrounding an oval center with the stars of the Southern Cross, similar to Scott type A38, cancelled with a copy of Scott # 481. No mention in Scott.

A-11 14 December 1948: Campaign Against Cancer; 98 x 150 mm; 5,000. A copy of Scott # 684 is circular date cancelled to this card which includes a copy of the traditional doctor's symbol over a textbook. No Scott mention.

A-12 29 March 1949: Founding of Salvador (Bahia); 100 x 150 mm; 5,000. This folded fine (heavy) paper sheet is engraved on the outside with a portrait "stamp" of D. Joao III in a rust color, and is affixed with a copy of Scott # C-75 and cancelled. The inside contains a text. Mentioned in Scott.

A-13 1 September 1949: SULBRAPEX Philatelic Exposition; 102 x 139 mm; 5,000. This fine paper issue has a line drawing of a landscape and is affixed with a copy of Scott # 683. No mention in Scott.

The "Authorized" FOLINHAS, generally speaking catalog higher than the "Officials" which is probably due to their date of issue and their relatively limited quantity. This writer is unaware of the catalog maker's distinction between the titles "Authorized" and "Official". Earlier copies of the Schiffer catalog grouped the FOLINHAS together with Brazil's souvenir sheets which are called BLOCOS.

It should be noted that in recent times the D.C.T. has become involved in Maximum (postcard type) cards, as opposed to those types mentioned in this article. To my knowledge, no new "government" (ie. D.C.T.) issues have appeared since 1966.

There is one (at least) other card that is not listed by RHM, but has been included in other specialty catalogs. Dated 28 October 1948, issued for the Fifth National Eucharistic Congress, measuring 135 x 178 mm, quantity unknown, a multi-color card reproducing copies of Scott # 378, 428, 478, and 539 and cancelled with a copy of Scott # C-73.

THERE HAS ALWAYS BEEN A GREAT DEAL OF CONTROVERSY AS TO WHICH SOUVENIR CARDS ARE OFFICIAL UN S CARDS. MANY UN DEALERS OFFER A VARIETY OF CARDS, MANY OF WHICH ARE CERTAINLY NOT TO BE CONSIDERED OFFICIAL. MANY CLUBS, AND ON OCCASION, EVEN DEALERS HAVE BEEN KNOWN TO ISSUE PRIVATE S CARDS WITH UN THEMES. THE NEW COLLECTOR, UNFAMILIAR WITH UN CARDS, HAS NO WAY OF KNOWING IF HE IS BUYING AN OFFICIAL ITEM OR NOT. I HAVE ATTEMPTED TO LIST FOUR CATEGORIES OF UN OFFICIAL SOUVENIR CARDS, ONE OF WHICH SHOULD BE CONSIDERED TO BE SEMI-OFFICIAL. IN AN ATTEMPT TO EDUCATE THE NEW COLLECTOR AS TO THE VALUE OF THESE UN OFFICIAL SOUVENIR CARDS, I HAVE RECORDED PRICES FROM MY NEW FALL PRICE LIST. KEEP IN MIND THAT THE PRICES WILL VARY FROM DEALER TO DEALER. THIS LISTING IS PART OF THE OFFICIAL SOCS NUMBERING SYSTEM FOR SOUVENIR CARDS.

# SOUVENIR CARD ERRATUM

BY DONALD W. HITCHCOX

Rating a double take is this aberration which occurred on the INTERPHIL/Jefferson card, the second card in the B.E.P.'s Bicentennial series. The violet centers of the stamp vignettes are shifted right 7mm and down 3mm. For further "gee whiz" there is a slight clockwise rotation of 1mm.

The B.E.P.'s opinion about this follows: "This card was produced by a combination of the off-set and intaglio printing processes. The vignette centers are individually die stamped, with each printed card being hand fed into the die stamping press. The feeding board contains holding pins so that the card can be placed in proper alignment. Apparently, in this case, the card was not properly aligned when fed into the die stamping press, resulting in a misregistration of the vignettes. This card does not meet the standards set by the Bureau, and should have been removed during the examining process".

Note: The intaglio portions of the card referred to above would encompass the scene depicting the reading of the Declaration of Independence (blue), Thomas Jefferson (sepia), and the stamp vignettes. All other

portions of the card, including the Bicentennial emblem, were printed by offset. At the present time, the owners of three of these cards are known to me, and I strongly suspect the existence of others.

For those of you who collect the American Bank Note cards, this illustration should prove to be interesting.

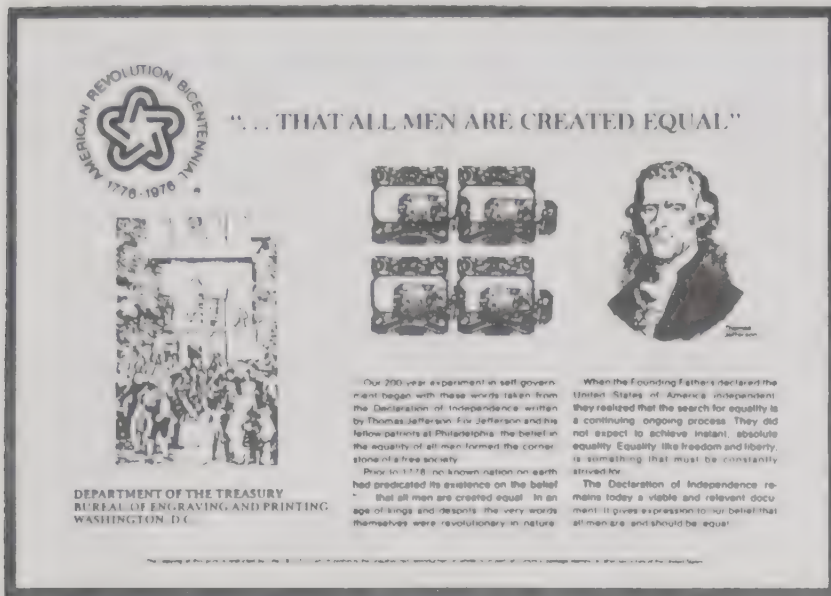

Produced for the A.N.A. 1980 Cincinnati show, collectors have probably already noticed various degrees of shift in the ornate green side bars of the \$3 dollar note, but, the shift in the right bar of this example amounts to 4mm, and readers are encouraged to send me Xerox copies of greater magnitude. The American Bank Note Company had this to say about this card: "The souvenir card in question went thru the printing press crooked. These cards are litho-tint printed 1/on.

A thorough examination is required of souvenir cards before they are shipped, however, we do have an occasional card that passes through the examiners unnoticed. We appreciate your calling this matter to our attention".

American Bank Note Company card collectors know from past experience that the work released by this company is of the highest caliber, and small errors such as this one are indeed few and far between.

Since the last issue of this Journal, which featured the A.S.D.A. card with the missing famous American vignettes (with die impressions of same); the same card is now known to exist, without the die impressions. Because error cards without die impressions appear to occur less frequently, this would be, of course, the more prized of the two, now known.

The Bank of the Ohio Valley, organized under the Ohio free banking law of 1851, began business in Cincinnati in September 1858 with \$34,000 paid in of its initial \$51,000 capital stock. From the start it was very successful due to good management and adherence to sound financial principles. Its capital stock was soon increased to \$500,000, and it paid annual dividends of 10%. It issued circulating notes in denominations of \$1, \$3, \$5 and \$10, the \$1 note being very similar to the \$3 note reproduced above from original plates. A statement of May 6, 1862, showed \$83,498 of its notes in circulation.

Shown below are additions to the recently published *Errors & Varieties List*. These have been reported by our members and their cooperation is appreciated.

Vignette of the 1¢ green Army issue is rotated counter clockwise.

Triangular Union logo and the ornate letter "T" (both in gold) missing.

Also, it has been reported that the B.E.P. has been testing a new electronic note scanning system which, if it proves to be successful, would eliminate printing errors in the production of our currency.

This automatic inspection system was designed by the Perkin Elmer Co. of Danbury, CT., and it is now being evaluated by B.E.P. personnel, in Washington.

If this system should be eventually incorporated into the Bureau's printing process, it follows that the consideration of this machine with respect to souvenir card production could become a distinct possibility, and errors and varieties could virtually become non-existent. UNBELIEVABLE!!!!!!!!!!!!!! REMEMBER WHEN UNPA GENEVA SURPRISED THE UN STAMP COLLECTING WORLD BY ISSUING A PARIS ART SOUVENIR CARD AT THE POMPIDOU CENTER IN FRANCE IN 1977? WELL.....IT JUST HAPPENED AGAIN. THIS TIME, UNICEF HAS PLACED ON SALE AT THE STAMP FESTIVAL 81 SHOW IN NY ON SEPT 18 THEIR SECOND OFFICIAL SOUVENIR CARD COMMEMORATING THE 1980 FLAG SERIES AND HAS ALSO ANNOUNCED A THIRD S CARD FOR THIS NOVEMBER COMMEMORATING THE 1981 FLAG SERIES. AT THE SHOW, UNICEF WAS SELLING THE MINT S CARD FOR \$1.50 AND THEY ALSO OFFERED A FIRST DAY OF ISSUE FOR THE S CARD (9-18-81) NY CANCELLED FOR \$2.00. AFTER A FEW INQUIRIES I WAS ABLE TO DETERMINE THAT THE OFFICIAL PRINTING TOTALS WERE 15,000 MINT S CARDS AND THE SAME AMOUNT FDC. ALL 30,000 S CARDS ARE CONSECUTIVELY NUMBERED IN THE LOWER RIGHT HAND CORNER SIMILAR TO THE FIRST IYC-UNICEF S CARD BUT THIS TIME THE CARD WAS PRINTED IN ENGLISH ONLY-NO GERMAN TEXT S CARDS EXIST.

THE S CARD IS ABSOLUTELY BEAUTIFUL; SIZE IS 8" X 5 1/2" AND IS VERTICAL IN FORMAT SIMILAR TO THAT OF THE PARIS ART CARD. THE ONLY OBJECTION I HAVE IS THAT THE FDC S CARD HAS THE 18¢ #C20 AIRMAIL STAMP AFFIXED. THIS MAKES ABSOLUTELY NO SENSE TO ME. A 1980 FLAG SOUVENIR CARD SHOULD DEFINITELY BE FD CANCELLED WITH 1980 FLAG STAMPS. A SMART AND VERY HANDSOME UN DEALER THAT I KNOW VERY WELL WAS WISE ENOUGH TO RUSH OVER TO THE UN AND HAVE SOME MINT CARDS FD CANCELLED WITH THE 1980 FLAG STAMPS WHICH COINCIDE WITH THE FORMAT OF THE SOUVENIR CARDS.....HERES A BRIEF SUMMARY OF ALL UNICEF S CARDS TO DATE...

**States of the Union**

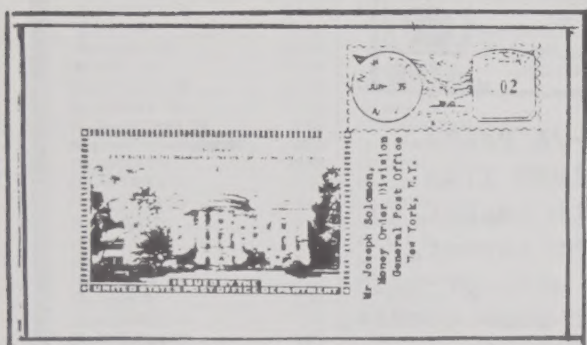

From December 7, 1980, when Delaware ratified the Constitution, until August 21, 1980 when Hawaii gained admission, the United States of America grew into the forty-eighth state. Rhode Island was the last of the original thirteen colonies to become a state on May 29, 1790. At the time the Nation achieved its independence, thirty-three states had entered the Union. Today the 50 states comprise an area of over 3,600,000 square miles.

DEPARTMENT OF THE TREASURY  
BUREAU OF ENGRAVING AND PRINTING  
WASHINGTON, DC

This engraving, printed from a plate made from the original master die, is a replica of the back of the Series 1896 \$5 Silver Certificate. It complements the face printing of this class, denomination and series which was issued as a souvenir card in 1973.

As in previous issues of this series, portraits were placed on the backs of notes because the face designs were very detailed and extended over the entire obverse of the notes.

The back of the \$5 Silver Certificate bears the portraits of Generals Ulysses S. Grant and Philip Sheridan, with a central design of much artistic rendering, showing the head of a goddess with outstretched wings and shades of light radiating therefrom. Thomas F. Morris, Chief of the Bureau's Engraving Division at the time, created the design. Lorenzo Hatch engraved the portraits and G. F. C. Smith engraved the head and wings.
